Experience

Flovi, AI-Native Product Designer — Apr 2025 – Oct 2026

Helsinki, Finland · Hybrid · Full-time · Mobility B2B SaaS

- Unified the customer portal across 4 markets into one product: **+30% customers**.
- Cut booking time by **20%**, to about **20 seconds**.
- Built a shadcn-based design system with engineering.
- Designed an AI-native driver app; led launches in 2 new countries.

pyck, Senior Product Designer — Jun 2024 – Mar 2026

EMEA · Remote · Contract, part-time

- End-to-end product design and design leadership.

Digma, Senior Product Designer — Feb 2024 – Apr 2025

San Francisco, US · Remote · Full-time · Developer tools (acquired by JetBrains)

- Designed the AI agents experience: chat, timelines, MCP connections, setup wizard.
- Built the design system from scratch, used across all IDE plugins and the web app.

Profit.com, Senior Product Designer — Mar 2022 – Feb 2024

Chișinău, Moldova · Hybrid · Full-time · Fintech

- Designed the iOS and web trading app end to end: stocks, crypto, indices and forex.
- Designed Arena, a trading game with prizes of up to **$30,000 a month**.
- Built a design system for iOS and web.

ORB Innovations, Senior Product Designer — Jun 2023 – Dec 2023

London, UK · Remote · Contract · Wearables, health tech

- First UX designer: designed the mobile app for a smart mouthguard tracking **20+** metrics.

Reviall, Senior Product Designer — Jun 2023 – Jul 2023

Sweden · Remote · Contract · Industrial B2B SaaS

- Designed real-time reporting dashboards for the drilling industry.

ShareVision, Product Designer — Apr 2021 – Mar 2022

London, UK · Remote · Full-time · B2B SaaS

- Designed case-management workflows and dashboards for social services.

Digital Silk, UX Designer — May 2020 – Apr 2021

Miami, US · Remote · Full-time · Digital agency

- Redesigned the G Pen e-commerce site: sales and retention up almost **40%**.
- Designed e-commerce UX and landing pages; ran A/B tests to lift conversion.
